**What was life like when Elizabeth was alive?**

Women had were expected to be in the home, doing activities like sewing, cooking and cleaning. They were not expected to have a job or go to school.

Elizabeth wanted to be a doctor. Many people did not like this idea and refused to have her inside their hospital or University.

**What is Elizabeth’s legacy?**

In 1876, the law changed so women could study and train to become doctors.

Some hospitals are named after her so they can remember her determination and achievements.

Challenge: Where was Elizabeth Garret born?  **Whitechapel- East London**
Vocabulary

• **feminist**: a person who believes men and women should be treated equally

• **inspire**: to make something happen

• **influence**: to make someone do something
Today we are learning about who influenced and inspired Elizabeth Garrett Anderson.
When Elizabeth was young, women often didn’t have jobs like being a doctor.

Women had to stay home with the children and practice sewing…

and cooking…

and cleaning.
What could have made Elizabeth want to do something different?
Today we are going to focus on when and why Elizabeth changed her mind and set out on her journey to become a doctor.

1836 - Birth in East London

1863-1865 - Met Elizabeth Blackwell and Emily Davies. Became a practising doctor but with no degree.

1870 - Completed degree in Paris.

1876 - Women to enter the medical profession in East London.

1883 - Elizabeth became the first female Dean.

1902 - First lady mayor.

1917 - Died at 81.

1918 - In honour of her achievements in medicine, the London School of Medicine for Women was renamed Elizabeth Garrett Anderson Hospital. (Now known as the University College Hospital.)
A person who believes men and women should be treated the same.

Elizabeth met Emily Davies who is a feminist.

They became friends and began to think about becoming a doctor.
Elizabeth read books written by Elizabeth Blackwell. She was the **first doctor** in the United States.

Elizabeth met Blackwell when she came to London.
They **influenced** Elizabeth to become a doctor. From there, she became determined and never gave up!

**Who do we look up to? How might they influence us?**

**Mini-Task:**

I look up to my Auntie because she works hard and knows everything about plants. When I grow up, I want to work as a gardener and grow flowers, fruit and vegetables.
Elizabeth is born.

She becomes practising doctor.

Elizabeth begins a hospital for women.

Elizabeth gains her degree in Paris.

Elizabeth could not find a British university to study in. She found one in Paris, France that accepted women to study.

No hospital would give Elizabeth a job because she was a woman.

Elizabeth started her own hospital for women to work in.

The law changes so women can become doctors.

She is appointed Dean of the hospital.

She became the Mayor of Aldeburgh.

Elizabeth dies.

A hospital is named after her.
